

**227.7008 Settlement of indemnified claims.**

Settlement of claims involving payment for past infringement shall not be made without the consent of, and equitable contribution by, each indemnifying contractor involved, unless such settlement is determined to be in the best interests of the Government and is coordinated with the Department of Justice with a view to preserving any rights of the Government against the contractors involved. If consent of and equitable contribution by the contractors are obtained, the settlement need not be coordinated with the Department of Justice.

**227.7009-3 Additional clauses—contracts except running royalty contracts.**

The following clauses are examples for use in patent release and settlement agreements, and license agreements not providing for payment by the Government of a running royalty.

(b) License Term. Insert one of the clauses at 252.227-7005 Alternate I or Alternate II, as appropriate.

**227.7009-4 Additional clauses—contracts providing for payment of a running royalty.**

The clauses set forth below are examples which may be used in patent release and settlement agreements, and license agreements, when it is desired to cover the subject matter thereof and the contract provides for payment of a running royalty.

(a) *License grant—running royalty.* No Department shall be obligated to pay royalties unless the contract is signed on behalf of such Department. Accordingly, the License Grant clause at 252.227-7006 should be limited to the practice of the invention by or for the signatory Department or Departments.

(b) *License term—running royalty.* The clause at 252.227-7007 is a sample form for expressing the license term.

(c) *Computation of royalties.* The clause at 252.227-7008 providing for the computation of royalties, may be of varying scope depending upon the nature of the royalty bearing article, the volume of procurement, and the type of contract pursuant to which the procurement is to be accomplished.

(d) *Reporting and payment of royalties.* (1) The contract should contain a provision specifying the office designated within the specific Department involved to make any necessary reports

to the contractor of the extent of use of the licensed subject matter by the entire Department, and such office shall be charged with the responsibility of obtaining from all procuring offices of that Department the information necessary to make the required reports and corresponding vouchers necessary to make the required payments. The clause at 252.227-7009 is a sample for expressing reporting and payment of royalties requirements.

(2) Where more than one Department or Government Agency is licensed and there is a ceiling on the royalties payable in any reporting period, the licensing Departments or Agencies shall coordinate with respect to the pro rata share of royalties to be paid by each.

(e) *License to other government agencies.* When it is intended that a license on the same terms and conditions be available to other departments and agencies of the Government, the clause at 252.227-7010 is an example which may be used.

## 227.7010 Assignments.

(a) The clause at 252.227-7011 is an example which may be used in contracts of assignment of patent rights to the Government.

(b) To facilitate proof of contracts of assignments, the acknowledgement of the contractor should be executed before a notary public or other officer authorized to administer oaths (35 U.S.C. 261).

## 227.7011 Procurement of rights in inventions, patents, and copyrights.

Even though no infringement has occurred or been alleged, it is the policy of the Department of Defense to procure rights under patents, patent applications, and copyrights whenever it is in the Government's interest to do so and the desired rights can be obtained at a fair price. The required and suggested clauses at 252.227-7004 and 252.227-7010 shall be required and suggested clauses, respectively, for license agreements and assignments made under this paragraph. The instructions at 227.7009-3 and 227.7010 concerning the applicability and use of those clauses shall be followed insofar as they are pertinent.
